

Compression load cell R10X with a Rated Load of 250 kg ... 100 t

¹ Optional only for cable version

Performance Features

- Compression load cell made of stainless steel, welded with protection class IP68
- Accuracy up to 0.05%
- Spherical locating pin for optimum force application
- Easy to clean
- Ideally suited for weighing applications in tanks or silos
- High temperature version, HT: +125°C (option)
- ATEX 2014/34/EU version for hazardous area (option)
(Option only for cable version)

Application

- Food industry
- Coal and steel industry
- Chemical / pharmaceutical industry
- Waste management / recycling
- Packaging technology

Dimensions in mm

Connector version

M12 Connector
